

Looking for a new career or opportunity for advancement in an exciting new position?

Come join the Successful Living team as a Hab Home Lead in our growing Housing program!

This supervisory position works with clients 18 and older living with a chronic mental illness. It requires someone who has human service skills and the ability to understand how mental illness can impact a person's life. You would be responsible for managing one of our agency-owned 5-person homes, working with clients who want to achieve their goals to become more independent and integrate in the community. This position would include supervising staff and managing the houses to assure quality services. No personal cares for clients is required. This is a full time job, primarily Monday-Friday 9AM-5PM, but may require occasional nights and weekends if coverage is needed.

A 2-year degree or equivalent work experience is required. Must pass multiple background checks including a driving record check. Must have a valid driver's license and a reliable, privately insured vehicle.

Annual Salary: \$32,240.00 plus FT benefits
